

MERIDIAN PRESETS INSTALLATION

Lightroom Installation

1. Open the **Meridian - Laura Beck - Siren** and **Meridian - Laura Beck - Siren Tools** folder
2. Open Lightroom
3. Go to > Lightroom > Preferences > Presets
4. Click on the box titled: Show Lightroom Presets Folder
5. Double click on Lightroom
6. Double click on Develop Presets
7. Copy the folders **Meridian - Laura Beck - Siren** and **Meridian - Laura Beck - Siren Tools** into the Develop Presets folder. ***Do not include the ACR folder.***
8. Restart Lightroom
9. Enjoy editing!

The newest Lightroom Classic CC will automatically convert the files into the .xmp format. The use of the presets will be the same however.

Photoshop (ACR) Installation

1. Open the the ***Meridian - Laura Beck - Siren - ACR*** folder
2. Open Finder in Mac / Explorer in Windows, and find one of the following locations. In Mac you can select "Go" from the Finder menu, then select "Go to folder. " Depening on your operating system, paste the following text: *(insert your own system user name where you see "UserName" below)*

Macintosh:

/Users/UserName/Library/Application Support/Adobe/CameraRaw/Settings

Windows:

C:\Documents and Settings\UserName\Application Data\Adobe\CameraRaw\Settings

Windows 7:

C:\Users\UserName\AppData\Roaming\Adobe\CameraRaw\Settings

*Please note, if you don't see the settings location, then you need to turn on the Show Hidden Files option.

3. Move or copy the .xmp preset files (***not the folder***) from the ***Meridian -Laura Beck-Siren- ACR & Meridian - Laura Beck -Siren Tools - ACR*** folder into the Settings folder
4. Restart Photoshop
5. The presets will now appear in the presets tab in Camera Raw
6. Enjoy editing!

*If you're using Mac and can't find the Settings folder, do the following:

Go to finder and select Go > Go to Folder from the menu, then copy and past this in the box:
~/Library/Application Support/Adobe/CameraRaw/Settings

Additional Instructions: If you are on a Mac, the Library menu may be hidden, depending on your operating system. To reveal it, select the "Go" menu in Finder, then press the "option" key.

ONWARD, MERIDIANITES!
